

Required Documents for Expense Submissions

A Guide for Relocating Employees

Quick Tip: It's always better to have more information than not enough. For any expense, it's best to provide documentation showing the date, location, total cost, itemized breakdown of all charges, and proof of payment.

This document does not override any policy documentation or any counseling by your Mobility Advisor. This document is meant to guide you on what kind of supporting documentation is required for Bristol to process an expense reimbursement for benefits that are approved within your relocation policy.

Meals/Groceries

- Itemized receipts showing everything purchased, location, and date
- **NOTE:** Meal receipts are only needed if your relocation policy requires them. Some policies offer a meal per diem and don't need receipts. If you are unsure, please confirm with your Mobility Advisor.

Temporary Lodging (Hotel, Motel, Airbnb, VRBO, etc.)

A fully itemized folio from the provider/property is best. However, any group of documentation that, when combined, shows the following information will also be acceptable:

- Name(s) on reservation
- Location of stay
- Dates of stay
- Breakdown of all costs per day (room rate, taxes, fees, any other purchases)
- Proof of payment
- **NOTE:** Many relocation policies prefer or require that you do not book with Airbnb/VRBO/other similar 3rd party companies. Please be mindful of any policy requirements prior to booking.

Self-Move/Household Goods with a Moving Company

- Receipts for estimated charges are not permitted as backup. An itemized invoice from the moving company showing a list of all services completed, date(s) of service, and location(s) of service
